

# Annual Report Card for 2013-14

EMPLOYABILITY

EDUCATION

LIFE SKILLS

SUCCESS

**With help from YOU, adults in our area are changing their lives.** With our student-centered tutoring, learners set their own goals and get help achieving them. Your generosity has helped us achieve some amazing growth during the past year.

## Thank You!

Thanks to your help, we had an amazing fiscal year (2013-2014). We served 32% more adult students than last year and surpassed all previous records. The number of volunteers also increased, by nearly 40%, and their service hours grew by 28%.

**Bottom line:** With **your** help and that of many others, we're delivering on our mission: to improve literacy and change lives in the greater Bangor area. **Thank You!**

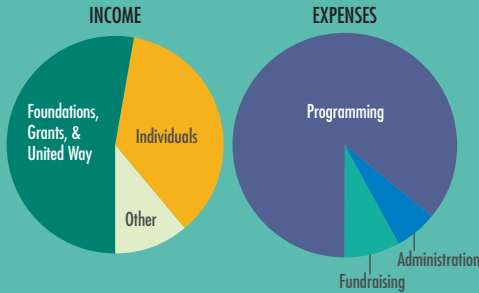

## How We Did It

Much of our growth came from adding a half-time staff person dedicated to student and tutor recruitment, retention, and support. Our small staff of 3 part time employees coordinates the efforts of more than 600 students and volunteers.

**100% of our funding is privately raised each year.** Last year, 55% of our budget came from grants and 36% came from individual donors. Thank you for helping us raise \$105,000 in FY14!

When you support Literacy Volunteers, know that **86% of our expenses go directly towards supporting students and programming.**

We are extremely efficient with our donations.
